

Charter Petition
of
Sartorette School

May 28 , 2002

Introduction

The Sartorette staff wishes to operate as a neighborhood dependent conversion charter public school in order to take advantage of some of the flexibility that charter status offers. The school will pursue the mission and vision of the Cambrian School District and the Sartorette commitment to excellence as described in the District's Mission and Vision and Outcomes and Indicators.

The conversion to a neighborhood charter public school offers the school community flexibility in three key areas that we need in order to operate differently than current district and state policies will allow. We do not seek nor desire independence from the Cambrian School District. We wish to operate as a dependent charter school, in order to operate with limited independence from the Education Code in only the following three areas:

1. Site level block grants that allow flexibility. Flexibility to receive site level funds in the form of a block grant, rather than specific program funds, in order to utilize these funds to provide flexibility to meet the needs of our students, staff, parents and programs.
2. Selection of instructional resources. It is through a charter that we have flexibility from state and district mandates for the use of textbook funds. In order to implement our educational program we need ongoing flexibility to purchase the most appropriate materials and technology. We need to concentrate on implementing the range of state frameworks instead of trying to follow the lock steps process for adoption and the purchase of textbooks in single subject areas.
3. Area-wide enrollment of students. Sartorette enrolls over twenty percent of its students from outside the Cambrian School District. We will be able to offer attendance options for individuals living outside the district's attendance boundaries who want to continue or begin their K-5 education at Sartorette Elementary School.

Vision

Sartorette School will subscribe to the Mission and Vision of the Cambrian School District. That Mission and Vision is as follows:

Vision Statement

The vision of Sartorette School is to develop responsible citizens for tomorrow who will be lifelong learners by providing a challenging, high quality, academic program designed to meet individual potential supported by collaborative efforts of dedicated students, parents, staff and community.

Statement of Operations

Sartorette School will retain its current operational relationship with the district in all of the following ways:

- Governance by the Cambrian School District Board of Education
- Maintenance and insurance of school facilities.
- Changes, additions or alterations to the facilities
- Maintenance of the non-instructional operations
- Insurance of school personnel and district against liability claims of all current and future district policies
- All current and future contracts agreed upon between the Cambrian School District, Cambrian District Teachers' Association (CDTA) and California School Employee's Association (CSEA) Local Chapter 641 in accordance with the Educational Employment Relations Act (EERA)
- All operations, except interdistrict transfers, currently in place with other neighborhood schools in the district

Education Code 47605 (b) (5) (A)

The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

Sartorette School is a neighborhood school that offers students the promise of an exceptional education in grades kindergarten through five that leads to successful middle school and high school experiences, and the post-secondary options of fulfilling employment or admission to institutions of higher education. This promise is made with the understanding that an education is a shared responsibility of the public schools, parents, community, and the individual learners.

The guiding principles are:

- All children can learn
- All children can succeed
- All children have value
- All children have a right to the best education possible
- All children can be lifelong learners
- All children deserve respect
- All children have a shared responsibility for their education
- All children will have a safe, orderly school environment

Our goal is for all Sartorette students to meet the statewide performance standards developed by the California Department of Education and described in multiple measures. These standards include the subject fields of language arts, mathematics, science, social studies and physical education. All students will participate in state-mandated assessments. Sartorette School's students will participate in all district-mandated assessments and meet district standards.
