I. INTRODUCTION / FOUNDING GROUP

The Sartorette staff wishes to operate as a neighborhood dependent conversion charter public school in order to take advantage of some of the flexibility that charter status offers. The school will pursue the mission and vision of the Cambrian School District and the Sartorette commitment to excellence as described in the District’s Mission and Vision and Outcomes and Indicators.

The conversion to a neighborhood charter public school offers the school community flexibility in two key areas that we need in order to operate differently than current district and state policies will allow. We do not seek nor desire independence from the Cambrian School District. We wish to operate as a dependent charter school, in order to operate with limited independence from the Education Code in only the following three areas:

1. Site level block grants that allow flexibility. Flexibility to receive site level funds in the form of a block grant, rather than specific program funds, in order to utilize these funds to provide flexibility to meet the needs of our students, staff, parents and programs.

2. Area-wide enrollment of students. Sartorette enrolls over twenty percent of its students from outside the Cambrian School District. We will be able to offer attendance options for individuals living outside the district’s attendance boundaries who want to continue or begin their K-5 education at Sartorette Elementary School.

Statement of Operations

Sartorette School will retain its current operational relationship with the district in all of the following ways:

- Governance by the Cambrian School District Board of Education
- Maintenance and insurance of school facilities
- Changes, additions or alterations to the facilities
- Maintenance of the non-instructional operations
- Insurance of school personnel and district against liability claims of all current and future district policies
- All current and future contracts agreed upon between the Cambrian School District, Cambrian District Teachers’ Association (CDTA) and California School Employee’s Association (CSEA) Local Chapter 641 in accordance with the Educational Employment Relations Act (EERA)
- All operations currently in place with other neighborhood schools in the district
II. EDUCATIONAL PHILOSOPHY AND PROGRAM

Sartorette School will subscribe to the Mission and Vision of the Cambrian School District. That Mission and Vision is as follows:

Mission Statement

The vision of Sartorette School is to develop responsible citizens for tomorrow who will be lifelong learners by providing a challenging, high quality, academic program designed to meet individual potential supported by collaborative efforts of dedicated students, parents, staff and community.

Education Code 47605 (b) (5) (A)

A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

Sartorette School, serving approximately 500 students, is a neighborhood school that offers students the promise of an exceptional education in grades kindergarten through five that leads to successful middle school and high school experiences, and the post-secondary options of fulfilling employment or admission to institutions of higher education. This promise is made with the understanding that an education is a shared responsibility of the public schools, parents, community, and the individual learners.

Sartorette School will utilize instructional materials adopted by the Cambrian School District. These will include state adopted instructional programs for language arts, math, science and social studies.

Instructional strategies and structures implemented will provide support for all levels of students--special education, English Language Learners and those who are achieving below, at and above grade level. Support will be provided by flexible small groups in the classroom, tutoring, reading intervention assistance, extended day kindergarten, homework center support, and enrichment and extension activities for advanced students.

The guiding principles are:

All children can learn
All children can succeed
All children have value
All children have a right to the best education possible
All children can be lifelong learners
All children deserve respect
All children have a shared responsibility for their education
All children will have a safe, orderly school environment

III. MEASURABLE STUDENT OUTCOMES

CA Education Code 47605 (b) (5) (B)

The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's education program.

Sartorette School will be held accountable for all learners meeting the measures of success for the outcomes of the school. Our goal is for all Sartorette students to meet the statewide performance standards developed by the California Department of Education and described in multiple measures. These standards include the subject fields of language arts, mathematics, science, social studies and physical education. All students will participate in state-mandated assessments. Sartorette School's students will participate in all district-mandated assessments and meet district standards. Trimester report cards will be continued on the same schedule adopted by the district as a whole.

CA Education Code 47605 I (b) (5) (C)

The method by which pupil progress measured.

Progress will be objectively measured by the annual statewide assessments as determined by the State of California and by formative and summative district assessments.

Progress will also be measured by teachers in the traditional manner, such as through project performances, portfolios, tests and exams. Progress will be discussed on a regular basis with parents and children and existing trimester reports cards will continue to be distributed.
CA Education Code 47607

Requirement to meet specific performance standards to renew the Charter.

Measurable Outcomes:

Sartorette has met the overall school API growth targets in each of the past four years. The API statewide decile ranking is 9 in the same period, with a range of 4 to 10 in similar school rankings. See Attachment 1.

IV. GOVERNANCE STRUCTURE

CA Education Code 47605 (b) (5) (D)

The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parent involvement.

Sartorette School will be a dependent, neighborhood charter school that will be governed by the Cambrian School District Board of Trustees.

On-site decisions regarding a process for ensuring parent involvement and budgeting of AB544 funding and any other money allocated from the state for the charter school, including grants, will be by consensus among certificated staff acting on recommendations made by the majority of the School Site Council. If consensus cannot be reached, a decision will be made by a 60 percent majority vote of certificated staff. Any amendment to this charter petition itself will be approved by this same process - consensus of certificated staff or a 60 percent majority vote, thereof, in the event consensus cannot be reached.

All previous money controlled by the School Site Council will remain in its current location as per the School Plan unless altered by the School Site Council.

Membership

Site level governance is performed by the School Site Council and includes staff and parents. The team will consist of ten voting members. These include:

- One principal, three teachers and one classified staff member
- Five parents -- parents may express an interest to serve and will be selected in the spring to begin the following fall.
Term of Office

The term of office of each staff representative shall be two years. In the event that a staff representative resigns, a vote will be taken to fill the seat. The staff member so selected will complete the term of the staff member who resigned.

The term of office of each parent representative shall be two years. In the event that a parent representative resigns, a notice will be sent home to parents and the vacancy will be advertised in the school newsletter to seek a replacement. Ballots will be distributed to the parent community. The parent representative so selected will finish the term of the person who resigned.

Meetings

The Sartorette School Site Council shall establish a regular time, date and place of meeting and shall hold no more than one regular meeting per month during the months of September through June (excluding the short school month of December).

Five of ten voting members shall constitute a quorum. The School Site Council may establish rules and procedures governing the conduct of its meetings.

The School Site Council shall be subject to the Ralph M. Brown Act, California Government Code Section 54950, et seq. as is the current site council.

Should interest in the school be greater than its capacity, the school leadership team will follow the process for determining admission to the school which is outlined in the previous section (CA Education Code 47605 (b) (5) (H)). This process shall be approved by the Cambrian School District Board of Education and be consistent with the law.

The Cambrian School District Governing Board shall not require any pupil enrolled in the school district to attend Sartorette School and will utilize district policies for placement of students not wishing to attend the school.

Sartorette School will consult with the Cambrian District Board of Education regarding the number of students admitted to the school based on existing policies and procedures. In order to meet federal requirements of No Child Left Behind, a 2006 API Growth is posted even if a school or LEA had no 2005 API Base or school had significant population changes from 2005 to 2006. However, the presentation of growth targets and actual growth would not be appropriate and, therefore, are omitted.

"N/A" means a number is not applicable or not available due to missing data.

"*** means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2005 or 2006. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2005.

"B" means the school did not have a valid 2005 API Base and will not have any growth or target information.

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" indicates this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Target information is not applicable to I to ASAM schools.

"E" indicates this school was an ASAM school in the 2005 API Base Report and has no target information even though the school is now in an ASAM school.

**Targets Met** - In the "Met Growth Target" columns, the growth targets reflect state accountability requirements and do not match the federal Adequate Yearly Progress (AYP) requirements. The AYP requirement for the API is a 2006 API Growth of 590 or a one-point increase from the API Base to 2006 API Growth for a school or LEA.

Note: Data are reported only for numerically significant subgroups. Ethnic/racial and socioeconomically disadvantaged subgroups meeting the following criteria are considered numerically significant: the group (1) contains at least 100 students with test scores included in the API (valid scores) OR (2) comprises at least 15% of the school population tested and contains at least 50 students with valid scores.

*N/A* means a number is not applicable or not available due to missing data.

*N/R* means required enrollment data are not reported.

*** means this API is calculated for a small school district, defined as having between 11 and 99 Standardized Testing and Reporting (STAR) test scores included in the API (valid scores). APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

*A* means the school or subgroup scored at or above the statewide performance target of 800 in 2004.

*I* means the school has some invalid data, and CDE cannot calculate a valid similar schools rank for this school.

In order to meet federal requirements of No Child Left Behind, a 2004 API Growth is posted even if a school or district had no 2003 API Base or if a school had significant population changes from 2003 to 2004. However, the presentation of growth targets and actual growth would not be appropriate and, therefore, are omitted.

"N/A" means a number is not applicable or not available due to missing data.  
"***" means this API is calculated for a small school, defined as having between 11 and 99 valid STAR test scores. The API is asterisked if the school was small either in 2003 or 2004. APIs base on small numbers of students are less reliable and therefore should be interpreted with caution.

"A" means the school scored at or above the Statewide Performance Target of 800 in 2003.  
"B" means the school is not awards eligible due to Adult Testing Irregularities.

"C" means the school did not have a valid 2003 API Base and will not have any Growth or target information.

"D" means the school had significant demographic changes and will not have any Growth or target information.

"E" indicates this is an Alternative Schools Accountability Model (ASAM) school or a school district. Growth and target information are not applicable to ASAM schools and school districts.

"F" indicates this school was an Alternative Schools Accountability Model (ASAM) school in the API Base report and has no target information even though the school is no longer an ASAM school.

**Targets Met** - In the "Met Growth Target" columns, the growth target requirement is part of the state accountability system and does not match the Adequate Yearly Progress (AYP) requirements. The AYP requirement for the API is: a 2004 API Growth score of 560, or a one-point increase from 2003 API Base to 2004 API Growth.

**Awards Notes** - The "Awards Eligible" column requires at least five points schoolwide growth and at least four points for growth for each numerically significant subgroup.

For more details about the displayed information, see the Explanatory Notes for the 2003-04 API Growth Report.
