

At Home Make Up Assignment Options

For every day of class you are absent, you are responsible for completing a make up assignment to earn back your **warm up , activity or run, and personal responsibility points for the day**. Absent students are also responsible for completing any in class assignments that were missed in addition to the make up assignment. If you miss a run or fitness activity, you will need to check your teacher on how to earn back your points. Please talk with your teacher and check School Loop to be sure to make up all missed work. If you are going to be absent for more than 1 week, please notify your teacher so they can inform you of what make up assignments you will need to complete.

Make up work is due upon your return to school. You are allotted the same amount of days to complete the make up work that you have been absent (4 days of absence= 4 days to complete the 4 make up assignments upon your return to school). Here are 3 assignments to choose from:

- 1. Watch a Sporting Event:** Complete the worksheet on page 43
- 2. Summarize an Article:** Complete the worksheet on page 44
- 3. Exercise Log:** Complete the worksheet on page 45

Name _____ Per. _____
