

The Cambrian School Board of Trustees will adopt and abide by the California School Boards Association (CSBA) Professional Governance Standards for School Boards and it reads as follows:

Public oversight of local government is the foundation of American democracy. Nowhere is this more evident than in our public schools, where local boards of education are entrusted by their diverse communities to uphold the Constitution, protect the public interest in schools, and insure that a high quality education is provided to each student. To maximize the public's confidence in local government, our local boards must govern responsibly and effectively.

The California School Boards Association representing nearly 1,000 local school districts and county boards of education, recognizes there are certain fundamental principles involved in governing responsibly and effectively. These principles and professional Governance standards reflect consensus among hundreds of board members, superintendents, and other educational leaders throughout the state.

These Professional Governance Standards describe the three components vital to effective school governance:

1. The attributes of an effective Individual Trustee,
2. The attributes of an effective governing Board, and
3. The specific Jobs the board performs in its governance role.

The intent of these standards is to enhance the public's understanding about the critical responsibilities of local boards and to support boards in their effort to govern effectively.

### ***The Individual Trustee***

In Californian's public education system, a trustee is a person elected or appointed to serve on a school district or county board of education. Individual trustees bring unique skills, values, and beliefs to their board. In order to govern effectively, individual trustees must work with each other and the superintendent to ensure that a high quality education is provided to each student.

To be effective, an individual trustee:

- Keeps learning and achievement for all students as the primary focus
- Values, supports, and advocates for public education
- Recognizes and respects differences of perspective and styles of other board members and among staff, students, parents, and the community
- Acts with dignity, and understands the implication of demeanor and behavior
- Keeps confidential matters confidential
- Participates in professional development and commits the time and energy necessary to be an informed and effective leader
- Understands the distinctions between the roles of board and staff, and refrains from performing management functions that are the responsibility of the superintendent and staff
- Understands that authority rests with the board as a whole and not with individuals

### ***The Board***

Governing Boards, not individual trustees, govern school districts and county offices of education. While understanding their separated roles, the board and superintendent work together as a "governance team". This

team assumes collective responsibility for building unity and creating positive organization culture in order to govern effectively.

To operate effectively, the board must have unity of purpose and:

- Keep the district focused on learning and achievement for all students
- Communicate a common vision
- Operate openly, with trust and integrity
- Govern in a dignified and professional manner, treating everyone with civility and respect
- Govern within board-adopted policies and procedures
- Take collective responsibility for the board's performance
- Periodically evaluate its own effectiveness
- Ensure opportunities for the diverse range of views in the community to inform board deliberations

### ***The Board's Duty***

The primary responsibilities of the board are to set the direction for the district, provide structure by establishing policies, ensure accountability, and provide community leadership on behalf of the district and public education. To fulfill these responsibilities, there are a number of specific jobs that effective boards must carry out.

Effective boards:

- Involve the community, parents, students, and staff in developing a common vision for the district focused on learning, achievement, and responsive to the needs for all students
- Adopt, evaluate, and update policies consistent with the law and the district's vision and goals
- Maintain accountability for student learning by adopting the district curriculum and monitoring student progress
- Hire and support the superintendent so that the vision, goals and policies for the district can be implemented
- Conduct regular and timely evaluations of the superintendent based on the vision, goals and performance of the district, and ensure that the superintendent holds district personnel accountable
- Adopt a fiscally responsible budget based on the district's vision and goals and regularly monitor the fiscal health of the district
- Ensure that a safe and appropriate educational environment is provided for all students
- Establish a framework for the district's collective bargaining process and adopt responsible agreements
- Provide community leadership on education issues and advocate on behalf of students and public education at the local, state and federal levels

I agree to follow these standards, guidelines, and practices:

  
Jarod Middleton, 2021 Board President

  
Carol Presunka, 2021 Board Vice President

  
Donald Rocha, 2021 Board Clerk

  
Janet Gillis, 2021 Board Member

  
Randy Scofield, 2021 Board Member
