BACKGROUND:

Proposition 30, *The Schools and Local Public Safety Protection Act of 2012*, temporarily increases the State's sales tax rate and the personal income tax rates for upper-income taxpayers through 2018-19. The passage of Proposition 30 did not provide additional revenues to schools; however, it did prevent any mid-year cuts to education funding that would have otherwise occurred.

Proposition 30 contained several accountability measures including:

- Requires school governing boards to make spending determinations at an open session of a public meeting
- Prohibits funds from being used for administrative costs
- Requires districts to annually publish accounting of funds on its website
- Inclusion of Proposition 30 revenues and expenditures in annual financial audits

Unaudited Actuals for 2014-15

For Fiscal Year 2014-15, staff recommended and the Board approve allocating the funding to instruction. As of year end, the District received \$4.2M in Prop 30 funding to help support teachers' salaries and benefits.
