School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

The schools are situated on sites of 10 acres or more with classroom size at least 960 square feet in dimension. Each school has a separate staff room with adult restrooms and kitchenette facilities. Playscapes have been replaced and upgraded to code over the past several years at the elementary school sites.

Suitability of the facility as a learning environment including, but not limited to, cleanliness; building condition; lighting, heating, and cooling systems; noise negation; condition of the school's fire alarm system; and the condition of the school's technology infrastructure.

Sartorette Elementary School is well maintained by staff of custodians who are assigned to the school with 8 hr shifts. They provide cleanliness and support of the facility in many ways. They are supplemented by the district staff who regularly assist in building maintenance. They assure jobs are completed in a timely manner through an automated work order system. Sartortte School's renovation is completed. This includes new cabinets, carpet, floor tile, blinds and paint in each of the classrooms. Other improvements include new water pipes, an expanded school office, new landscaping and improvements to the multi-purpose room. In 2015, new perimeter fencing was installed. Soar arrays were added in 2015 to meet 85% of the schools electrical needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	50.0	55.0	66.0	67.0	48.0	50.0
Mathematics (grades 3-8 and 11)	51.0	54.0	56.0	63.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

English Learners	59	58	98.31	48.28
Students with Disabilities	33	32	96.97	15.63

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

The Home and School Club brings parents, students, and our community together for a variety of activities. For example, these include the Monster Bash, Art Show, Field Day, movie nights, family STEM events, and family dining-out events. Several clubs are active at school, including the Girl Scouts, Boy Scouts, and Girls on the Run. Our Back To School and Open House evenings are well attended. We had a 95% attendance rate for our 2018 fall parent/teacher conferences. Volunteers help in our classes as Arts Vista instructors, reading/math tutors, Motor Skills assistants, maker-space, running/jogging club managers and supervisors for our students in the garden. Our instrumental and vocal music programs provide additional opportunities for parents and community members to join us for student performances. Our Home and School Club supports our students and teachers in a myriad of ways, including raising funds to support assemblies, Motor Skills, field trips, and more.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

Cambrian is a small district with history of providing a safe learning environment. Our Safety Plans are annually updated in collaboration with the community and local law enforcement representatives. We participate, drill, and practices emergency responses, including run, hide defend, earthquake, and fire drills. Our local fire and police departments regularly visit our campus to check on fire and traffic safety. We work with consultant Incident Command System (ICS) to guide us on all emergency-response practices.

Professional Development (Most Recent Three Years)

District-wide staff professional development is reflective of students, staff, school, and district's goals and needs. Professional learning activities are design to engage teachers in learning and implementing best practices that benefit student learning in alignment with district goals. These opportunities for professional learning include the following:

- Grade-level data teams
- K-8 articulation days (teacher inservice days)
- District/site/grade level collaboration time (early release days)

Staff development is designed in our primary areas of focus: Common Core math and ELA instructional strategies, English-learner instructional strategies using ELD standards, questioning for critical thinking, and mathematical understanding and problem solving. Using CCSS assessments, professional development is aligned with district, school, and/or individual-professional needs to ensure teachers have the adequate background, skills, and materials they need to support student learning. When new programs are introduced (e.g. math, science or language arts), specific time is dedicated to staff development to ensure the even and effective implementation of the program.
