School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Steindorf STEAM School is a kindergarten through eighth grade school that opened in August of 2016 where high standards and success for all is expected, supported and achieved. Grounded in Project Based Learning and STEAM practices, Steindorf’s program design consistently engages students in the innovation skills of creativity, collaboration, critical thinking and communication. Through Project Based Learning, students gain knowledge and skills by working for an extended period of time to investigate and respond to an engaging and complex problem that features real-world context, tasks or interests. Learning occurs in a safe, comfortable environment where students are known, valued and cared for. Steindorf’s environment allows for all students to achieve in a variety of ways to meet each child’s social and academic goals. Collaboration is evident throughout our school community. Staff, teachers, parents, and students, as well as the broader community work together to realize the Steindorf vision. In order to meet our goals the Steindorf community (parents, teachers/staff and students) work together to build a common language and criteria of success. Formal and informal opportunities for fluid communication of input and feedback are provided in order to monitor progress and improve programing as needed.

Cambrian School District Vision Statements

- Our District has high standards where success for all is expected and achieved.
- Our District models global citizenship teaching real world connections and practical applications.
- All students achieve in a variety of ways to meet social and academic goals.
- Collaboration is evident in all facets of our school community.
- Everyone is a role model for life long learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20

School Facility Conditions and Planned Improvements (Most Recent Year)

Steindorf reopened in August of 2016. Measure I was passed in June of 2015 with the purpose of renovating the site. A new administration building, one additional classroom, and a Maker Lab wing was added to the site. Street lighting was improved and a new parking area was paved. The school installed items to meet LEED Silver standards in Nov 2018. The site is approximately 10.5 acres. New perimeter fencing was installed around the campus. Steindorf has been open for 2 years and is in exemplary condition as it is completely new construction.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 1/21/2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	83	84	67	66	50	50
Mathematics (grades 3-8 and 11)	78	80	63	64	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Students with Disabilities	37	36	97.30	2.70	41.67

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

There are numerous opportunities to be involved at Steindorf STEAM School. Steindorf School provides several formal meetings in which parents can provide input to the school such as Home and School Club Meetings, Principal Coffee's, ELAC Committee and School Site Council, We have approximately 20-25 parents on campus daily, helping in classrooms with small group instruction, supporting our Project Cornerstone-ABC reader program, supporting our middle school students during innovation time, visiting an exhibition of a Project Based Learning, supporting our milage club, or garden to name a few. We also make sure to provide surveys for parents to give feedback after classroom and/or school events. In addition for parents who are unable to attend school events we are the beginning stages of implementing a digital portfolio system. The Steindorf Home and School Club provides a variety of opportunities for parents to be involved in the school from the Home and School Club Board, Coordinator positions, helping organizing community events, teacher luncheons, etc. Lastly, we ensure a warm and welcoming environment where parents feel cared for and valued along with their students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2019-20)

Cambrian is a small school district with a long history of creating a safe learning environment. Absenteeism is less than 4% a year; suspensions are less than 1% for the school. Steindorf sttudents and staff are aware of safety plans should

emergencies arise and they complete practice drills regularly. Students and staff practice fire drills once a month, an earthquake drill twice a year as well as a lock down drill once a year. Cambrian partners with other agencies to provide a safe environment, which promotes learning. In addition, the school is sensitive and proactive about medically sensitive issues, such a peanut allergies, and trains staff on how to manage such situations.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5	5	5

District-wide staff professional development are reflective of students, staff, school and district's goals and needs. Professional learning activities are designed to engage teachers in learning and implementing best practices that benefit student learning in alignment with district goals. These opportunities for professional learning include the following:

- Achievement Teams
- K-8 Articulation Days (Teacher Inservice Days)
- District/Side/Grade Level Collaboration Time (Early Release Days)

Staff development is designed in our primary areas of focus: Common assessments, English Learner instruction, questioning for critical thinking, and mathematical understanding. Using CCSS assessments, professional development is aligned with district, school, and/or individual professional needs to ensure teachers have the adequate background, skills, and materials they need to support student learning. When new programs are introduced (e.g. math, science or language arts), specific time is dedicated to staff development to ensure the even and effective implementation of the program. (10 days including 2 hour early release days)

In addition the Steindorf staff has been and continues to be trained by the Buck Institute of Education in Project Based Learning. In addition, general education teachers are focused on attending STEAM conferences. The Special Education Team is focusing on social thinking, autism and ADD workshops. K-5 teachers and 6-8 ELA teachers are being trained in Readers Workshop. The Steindorf staff has self selected an achievement team from one of the following focus areas..STEAM/NGSS, GLAD/ELD, Math, PBL or Readers/Writers Workshop. Each team is made up of cross curricular/grade level members. The teams are designed to recognize strengths, common practices and develop next steps. This work will guide professional development decisions for 20-21school year.
