

CA dashboard (for any public school) pg 1

Local districts should know how to spend \$ better than the state Parent Survey, Teacher Survey and Student Survey sent out.

2 charter schools do LCAP including the district

3 ~~plan to~~ go thru survey CSD LCAP 2019-2020
- went to website together to see Jarnham's performance

- scale for EL progress not figured out by state yet (most are Level 4 - Well Developed)

- looked at subgroups

- looked thru paper copies: (too many?'s main comments)

• Demographics (RFEP? #4 unclear for EL)

• School Engagement + Communication (#9-10 similar questions) - redundant

• School Environment

• Curriculum and Instruction (#54 unclear if parents aware)

• Technology Integration (access to tech at home?) (said kids hated it although adaptive; Imagine Learning)*

• Extracurricular Activities

➡ Length of survey 10 min, to avoid losing interest of parent (have option to name section)

#2, 20 (Need to support parents w/ students in multiple schools)

pg 2

#43-48 (use grid format online)

▣ need District Section then site specific ~~section~~ section

(more inclined to answer a site survey instead of CSD survey).

→ asked Beth from HPC perspective

o volunteering is flight (what things would you make time for)

o add "not applicable" to discipline question

#39 (PBIS)

o Do we reinforce positive behaviors?

→ Scale 1-5 how your child feels about school (i.e. safe...)

o Homework Policy looked at w/ staff due to 2017-2018 parent survey.

o all campuses are "not up to date" except Steindorf

#36 parents need to be aware of safety measures (Matt reiterated to Gal)

o Prefer seeing back side of survey first to show school environment as preferred (more relevant)

Build Trust

• New parent information night?
 - Have a parent perspective from a subgroup parent (ie Hispanic) - parent who's been new once and can share perspective (papers created concerning all clubs/activities passed out)
 ? parent liaison re-try?
