

*Directions.* Using the map on page 33, choose a major culture group of Native Americans within North America in 1500.

1. What is the name of your culture group?
2. Describe the climate in which they lived.
3. How did climate and environment affect the way of life for your culture group?
4. What were their sources of food?
5. How did your group adapt to their environment?
6. What were your group's natural resources?
7. What were your group's religious beliefs?
8. What did that culture group trade and with whom did they trade?
9. Do members of this group still live within the same region today? If not, why don't they still live there and where do they live now?
10. What practices are similar to the way that group lived in the 1500s?
11. What practices are different from the way that group lived in the 1500s?
