- Headache
- New loss of taste or smell
- Sore throat
- Nausea or vomiting
- Diarrhea
- Congestion
- ~~Runny nose~~

[Symptoms of COVID-19 | CDC](#)

It would be unlikely for a child to experience runny nose as the only symptom of COVID-19. If a child has a runny nose but no other symptoms of COVID-19, it would be reasonable to allow that child to remain at school, provided the child does not develop any other symptoms of COVID-19.
